---

## Directions for use

### Surface preparation

Apply the product on the area to be treated. Allow to work for 2-5 minutes. If necessary, scrub the areas with shells, barnacles and other foulings with a stiff brush. Rinse well with fresh water. Alternatively, clean well with fresh water and a sponge.

### Pretreatment

Clean with recommended Jotun Yachting detergent. Refer to TDS, direction for use for the selected Jotun Yachting product.

### Storage

The product must be stored in accordance with national regulations. Keep the containers in a dry, cool, well ventilated space and away from sources of heat and ignition. Containers must be kept tightly closed. Handle with care.

### Shelf life at 23 °C

Waterline Cleaner 48 month(s)

In some markets commercial shelf life can be dictated shorter by local legislation. The above is minimum shelf life, thereafter the paint quality is subject to re-inspection.

---

## Health and safety

Please observe the environmental and precautionary notices displayed on the container.

A Material Safety Data Sheet for the product has been issued.

Detailed information regarding health- and safety risks and precautions for the use of this product is specified in the product's Safety Data Sheet.

First-aid measures, refer to section 4.

Handling and storage, refer to section 7.

Transport information, refer to section 14.

Regulatory information, refer to section 15.
