Product mixing ratio (by volume)

Single pack

Cleaning of painting tools

Jotun Thinner No. 2

Directions for use

Surface preparation

Textile Cleaner. Refer to TDS, direction for use for the selected Jotun Yachting product.

Pretreatment

Areas with mould and green algae, use recommended Jotun Yachting products. For best result, the substrate should be clean, dry and free from any contamination.

Finish coat

Shake the can before use. Spray a uniform layer on the surface and let it dry.

Remarks

Do not apply the product on hot surfaces or in direct sunlight. Do not spray the product on plastic window.

Storage

The product must be stored in accordance with national regulations. Keep the containers in a dry, cool, well ventilated space and away from sources of heat and ignition. Containers must be kept tightly closed. Handle with care.

Shelf life at 23 °C

Textile Watershield 48 month(s)

In some markets commercial shelf life can be dictated shorter by local legislation. The above is minimum shelf life, thereafter the paint quality is subject to re-inspection.
