Application data

The product can be applied by

Cotton, Rag, Sponge, 3M pad: Recommended.

Product mixing ratio (by volume)

Single pack

Thinner

Water

Cleaning of painting tools

Water

Directions for use

Surface preparation

Textile Cleaner. Refer to TDS, direction for use for the selected Jotun Yachting product.

Pretreatment

Shake the can before use. For contaminated surfaces dilute the product with water at a ratio of 1:5. Clean the surface using a cloth or spray pump. For heavily contaminated surfaces, use undiluted product. Clean the surface using a cloth or spray pump. Allow to work 10-15 minutes. Lightly scrub the surface with a moisten sponge, brush or cloth. Rinse well with fresh water.

Finish coat

Textile Watershield. Refer to TDS, direction for use for the selected Jotun Yachting product.

Remarks

The product should be used on colour resistant textiles.

Storage

The product must be stored in accordance with national regulations. Keep the containers in a dry, cool, well ventilated space and away from sources of heat and ignition. Containers must be kept tightly closed. Handle with care.

Shelf life at 23 °C

Mildew Remover 36 month(s)

In some markets commercial shelf life can be dictated shorter by local legislation. The above is minimum shelf life, thereafter the paint quality is subject to re-inspection.

Health and safety

Please observe the environmental and precautionary notices displayed on the container.

A Material Safety Data Sheet for the product has been issued.

Detailed information regarding health- and safety risks and precautions for the use of this product is specified in the product's Safety Data Sheet.

First-aid measures, refer to section 4.

Handling and storage, refer to section 7.

Transport information, refer to section 14.

Regulatory information, refer to section 15.
